

LEG COZIES

FINISHED SIZE 27" x 36"

Fabric Requirements

Top: 1 yard
Back: non-directional 1 yard
Binding: ¼ yard
Batting: 29" X 38"

Note: If backing is directional buy 1 ½ yards. If binding is the same as backing fabric you need not purchase this.

CAN BE SOLID PIECES - ORPHAN BLOCKS

Note From The Designer:

Paula Gilmore

If your quilting guild does community service projects, these functional little quilts work up quickly and are great for donating to people in hospitals, hospices, retirement and assisted living homes.

To Begin: Make a paper pattern.

1. Use large sheets of graph paper, typing paper, freezer paper or newspaper. You will need to tape pieces together to get a large enough piece.
2. Cut paper pattern to measure 36 ½ long by 27 ½ wide.
3. From the right bottom corner, measure up 9 ¼ " and place a dot.
4. From the right bottom corner, measure left toward center 9 ¼ inches and place a dot.
5. Using a ruler, draw a line from dot to dot across corner. It should measure 13 inches.
6. Repeat on left side, starting with step #3.
7. Cut pattern on both diagonal lines to end up with pattern that looks like above diagram.

To Make Cozie

1. Create top by using blocks of your choice, orphan blocks or a solid piece of material. It must measure 1 yard of usable material.
2. Lay pattern over material, pin and cut. You could layer the backing and cut both at once.
3. Layer top, batting and backing. Quilt as desired.
4. Bind.
